

ALEJANDRO (ALEX) PEREZ

Software Developer | Houston, TX (open to relocate/remote) | (832) 259-3990 | alejandro.gperez745@gmail.com
portfolio.com | github.com/agp745 | linkedin.com/in/alejandro-perez-dev745

Motivated and eager Full Stack Software Developer effective in analyzing/debugging code and solving problems efficiently. Prior to software development, I studied music composition at the University of Houston where I organized and conducted ensembles to perform and promote new music.

EDUCATION

- DigitalCrafts** | Certificate in Full Stack Web Development February 2023 – June 2023
- Completed an intensive, full-time, 17-week full stack web development course, gaining hands-on experience with modern technologies including HTML/CSS, JavaScript, Node.js, PostgreSQL, and more.
- University of Houston** | Bachelor of Music (Composition) August 2017 – December 2022
- Served as Conductor and Music Director of VCO, a student led volunteer orchestra which brought classical performance to the less fortunate in the Houston area.

PROJECTS

- My Gamer List** | github.com/agp745/MyGamerListApp | demo: mygamerlist.onrender.com March 2023
- Video game database search app for Gamers to help and encourage discovery of new (& old) gaming experiences.
 - Responsible for developing the end-to-end functionality, including API integration and creation of pop-out menus.
 - Built with HTML/CSS, Tailwind CSS, & JavaScript.*
- Projectied** | github.com/agp745/projectied | demo: projectied.onrender.com April 2023
- Collaborative management app that allows users to create projects/lists and organize their tasks within each project.
 - Primary responsibilities included implementation of the entire backend, including database and authentication, and API implementation to enable real-time updates.
 - Built with HTML/CSS, JavaScript, Node.js, PostgreSQL, & Auth0.*

WORK EXPERIENCE

- Walmart** | Salesfloor Associate | Houston, TX June 2022 – December 2022
- Maintained the organization and appearance of store shelves to ensure customer satisfaction and increased sales revenue.
 - Collaborated effectively with a diverse team of 5-7 salesfloor personnel to complete tasks such as stocking and baling cardboard.
 - Demonstrated versatility and adaptability by providing support to other store departments as needed, including customer service and produce.
- Fleming Musical Instruments & Repair** | Team Member | Houston, TX May 2021 – August 2021
- Demonstrated attention to detail and a commitment to excellence in cleaning and polishing brass instruments, ensuring optimal performance and appearance.
 - Streamlined the instrument repair process by effectively managing a high volume of instruments, implementing efficient scheduling strategies and maintaining a clean and organized workspace.
